### **Botanical Drawing with Coloured Pencil I**

**Mondays 6pm-8pm online**

**Term 4**

#### **Instructor's Name: Amanda Ahmed**

This introductory coloured pencil course is designed for beginners, though some basic drawing skills or experience drawing in graphite would be beneficial. The course covers the fundamentals of botanical drawing using coloured pencils, focusing on form, tone, layering techniques, and recognizing basic geometric shapes in nature to incorporate into your drawings. The focus will be on observational drawing from life to create realistic renderings of botanical subjects. This class is conducted in a friendly and supportive environment. While most of the class time will be dedicated to coloured pencil techniques, there will also be time allocated for warm-up exercises in graphite.

#### **Outcomes:**

By the end of the term, you will have completed several exercises in coloured pencil and produced at least one fully rendered coloured pencil drawing. You will gain increased confidence in drawing from life and a basic understanding of coloured pencil techniques. Additionally, through a series of warm-up exercises in graphite, you will have developed a collection of sketches in your sketchbook.

#### **Class structure:**

This class will be held in Term 4 on Mondays online from 6pm-8pm. The following will be covered:

1. Practice eye-hand coordination with drawing exercises (graphite).
2. Introduction to 3- line drawing technique (graphite and coloured pencil)
3. Introduction to using geometric shapes to assist with drawing natural forms (graphite and coloured pencil).
4. Introduction to basic coloured pencil application using layering techniques.
5. Review of basic colour theory.
6. Explore tonal variances in coloured pencil to create realistic 3D effects.

Time will be set aside for demonstrations, feedback, progress updates, and questions. The remainder of the class will be time for learning and working on your artwork independently.

**Starting date of term: Monday 14 October 2024**

**Finishing date of term: Monday 9 December 2024**

**(Note: there is no class on Monday 2 December 2024)**

## Materials list

**Paper** A3 cartridge paper drawing pad – must be smooth surface **OR** 4 sheets of A2 cartridge paper which can be cut to A3 siz.  
A4 pad of tracing paper – nothing expensive. **If you are able to purchase individual sheets of tracing paper that would be more cost effective.**  
1 x sheet Arches 300gms hot pressed watercolour paper which will need to be cut into 4 x sheets.

**Pencils** 2H, H, HB, 2B (Staedtler Mars – Lumograph – this is the preferred brand but if you already have graphite pencils use those).

Recommended coloured pencils are Faber-Castell Polychromos as they are a hard oil-based pencil and excellent for botanical drawing. These can all be bought individually.
